

# FULL TIME DISTRIBUTION

## A LEVEL 3 VIDEO CLOUD SOLUTION

You're expanding into new markets, developing new channels and launching online linear video. Having a trusted, experienced provider who can help solve all of your full time distribution needs on a global basis is critical.

Our fully managed, full time distribution service, in combination with our Content Delivery Network, helps make it easier and more cost-effective to launch channels across the globe.

As your single solutions provider, Level 3 can help you stay current with evolving and advanced capabilities—so you can stay focused on developing compelling content. Rely on us to help deliver your programming to audiences everywhere.

### Business Solutions

---

**Increase global market reach:** Level 3's Global Distribution solution offers an integrated, secure solution across our fiber-based network in combination with our teleport services, allowing you to efficiently reach single or multiple platforms with the same content, around the world.

---

**Deliver HD-quality programming:** With our high-bandwidth, fiber-based network reaching over 45 Direct-to-Home (DTH) and Cable-MSO platforms, we can support the highest quality possible for content delivery.

---

**Address multi-screen delivery:** Whether it's an introductory step for your emerging channel, or delivering established content to viewers on multiple devices, Level 3 can help you scale your delivery appropriately. The combination of Vyvx Solutions and our CDN-based Media Delivery Services offering allows you to do just that.

---

**Secure market share with additional efficiency:** Our vast connectivity footprint, combined with our award-winning teleport services, gives you an efficient and scalable option for global delivery.

Level 3® Vyvx® Solutions deliver every event with mission-critical care. With a track record of quality built over years, we've gained a leadership position in domestic and global full-service video transmission solutions. Some of the largest media and entertainment companies worldwide turn to Vyvx for their high-profile news, sports, entertainment and other special broadcasts.

---

**Look to Level 3 as your single provider to support global broadcast distribution, from creation to consumption.**
