

LEVEL 3[®] WHOLESALE INTERNATIONAL LOCAL INBOUND

YOUR GLOBAL BUILDING BLOCK FOR VOICE INNOVATION

Expand your global horizons with a local presence. The Level 3[®] Wholesale International Local Inbound (ILI) service is designed to be your foundation for capitalizing on new opportunities internationally by offering local telephone numbers across Europe, Asia and Latin America. The Wholesale ILI offering securely originates calls to Level 3-provided telephone numbers across the globe, aggregates the traffic and hands it off to any IP endpoint. Whether you are interested in primary line replacement, toll-free replacement or creating new voice applications for emerging markets, we can offer you the reach, efficiency and flexibility you require to grow your business.

Business Solutions

Get Worldwide Reach from a Single Provider: The Wholesale International Local Inbound service provides origination from approximately 26 countries across Europe, Asia and Latin America, helping you reach your customers wherever they are.

Stay Competitive and Increase Revenues: Help meet the demands of countless international businesses and consumers migrating to VoIP services by integrating your voice, data and web services, or launching new smartphone, conferencing or social networking applications.

Speed Time-to-Market with Minimal Investment: Our service does not require the capital investment associated with traditional telephony access, so you can enter new markets quickly and inexpensively.

Gain Flexibility and Control: You have the flexibility to add other services and features like network trunking and local number portability while managing and controlling the features used by your customers.

Level 3[®] Voice Services provide the best of proven, new technology (SIP) with legacy voice technologies, with access across the globe. We own and operate one of the largest, most secure voice networks to enable competitive cost structures and new, efficient ways of managing voice traffic.

Why Choose Level 3?

Trusted VoIP Leader: Level 3 has been a VoIP leader since 1999. We were one of the first service providers to deploy an international softswitch in our network to convert voice into IP. We now own more than 125 issued and pending patents worldwide covering VoIP and softswitch technologies.

Proven Technology and Experience: Our softswitch successfully supports more than 13 billion voice minutes per month for 5 billion calls.

Scalability to Grow with You: Our high-performance, scalable network can easily accommodate your current and future traffic and support new service offerings.

**We were awarded the
2010 Metro Wholesale Best in Class
award for VoIP Value from Atlantic-ACM.**

ABOUT LEVEL 3

We build, operate and take end-to-end responsibility for the network solutions that connect you to the world. We put customers first and take ownership of reliability and security across our broad portfolio.
