

PROSPECTIVE SUPPLIER

FAQS

How do I become an approved supplier for Level 3?

We appreciate your interest in doing business with Level 3. It is important that you work with an applicable Level 3 sponsor to determine if your goods/services are a good fit for our company's requirements.

Once you and a Level 3 sponsor determine you can move forward, you may be asked to work the Level 3 Global Procurement department to execute a Level 3 standard agreement.

You also need to complete and submit all requested vendor set-up documents.

Who do I work with at Level 3 to become sponsored?

Each department within Level 3 has the ability to assess supplier products and services. You can work directly with the departments, or initiate your request through Level 3 Global Procurement. If you work with Level 3's Global Procurement representative, he or she provides your company's information to the appropriate sponsor for consideration.

My company is a small, minority owned business. Who do we work with at Level 3 to be added to the diverse supplier, prospective list?

Please provide your company's collateral to supplierdiversity@level3.com. Your company information is then included in Level 3's prospective list, which is made available internally for employees to consider for inclusion in future bid opportunities.

ABOUT LEVEL 3

We build, operate and take end-to-end responsibility for the network solutions that connect you to the world. We put customers first and take ownership of reliability and security across our broad portfolio.
